The 1930
POT POURRI

Published by the Students of
Louisiana State Normal College
Natchitoches, Louisiana

FOREWORD

A treasure house of golden memories, a portrait gallery of old friends, a true chronicle of happy college days reviewing campus life from its every angle,—these are the purposes that underlie the structure of this, the 1930 volume of the Potpourri.

DEDICATION

To

C. G. Killen, A.B., M.S.

Whose spirit of helpfulness and understanding of student problems has won him a distinct place in the esteem of all students on the Hill, and whose character, scholarship and teaching qualities have inspired students to higher ideals, we, the students of Louisiana State Normal College, dedicate this, the 1930 volume of the Potpourri.

THE COLLEGE

To Our Alma Mater, Loyalty

By ISABEL WILLIAMSON

Mrs. S. J. Cummings

Oh, Alma Mater, here today,
We for thy lasting blessings pray,
We know not where our paths may go,
But thou'lt uphold us still we know,
Unchanging thou, 'mid changes vast,
Unswerved from ideals of the past,
Steadfast and true our watchword e'er shall be—
To thee, our Alma Mater, Loyalty.

Thy trees their solemn chorus blend,
About thee, flowers their censurs bend.
Our voices swell their murmuring strain
Our hearts repeat the old refrain,
Thy purpose high to carry on—
Oh, Normal, Thou hast honor won,
Steadfast and true our watchword e'er shall be—
To thee, our Alma Mater, Loyalty.

In after years, when far away,
Thy presence strong will near us stay;
And as the echo of our song
Will, with new courage, lead us on,
And to our eager vision then,
Each subtle memory meaning lend,
Steadfast and true our watchword e'er shall be—
To thee, our Alma Mater, Loyalty.

PRESIDENT W. W. TISON

TO THE STUDENTS
of the
Louisiana State Normal
College

Dear Friends:

It gives me great pleasure to express my appreciation for your contributions towards the intellectual, social and spiritual welfare of our college. The individual responsibility assumed by members of the student body in making life here wholesome is gratifying to me.

May every day in your preparation at the Louisiana State Normal College strengthen you for achieving worthy aims in life.

Sincerely,

W. W. TISON.

Message of Mrs. Ethel L. Hereford

Dean of Women

TO STUDENTS OF LOUISIANA STATE
NORMAL COLLEGE

*"How beautiful is youth! How bright it gleams
With its illusions, aspirations, dreams!
Book of Beginning, Story without End,
Each maid a heroine, and each man a friend!"*

—Longfellow, "*Morituri Salutamus*"

Message of H. Lee Prather

Dean of Men

TO THE STUDENT BODY OF LOUISIANA STATE NORMAL COLLEGE

My sincere wish for the students of the Louisiana State Normal College is that they may find now and after leaving college that true happiness which can come only to those who daily have the consciousness of a life devoted to high ideals and noble purposes.

The preservation of our communities, state, and nation, together with the civilization which has made them possible, is in no small measure in your hands. And it is the duty and purpose of this college to furnish you, so far as may be possible, with the physical development, mental poise, and moral courage which will enable you to measure up to the high calling you have chosen.

This high and well nigh holy duty can be performed with any degree of satisfaction, only in an atmosphere of mutual understanding and sympathy; and to develop this spirit to the highest point should be regarded as the solemn obligation of student body, president, faculty, and deans of the college.

My message, then is one of good will. Good will does not necessarily mean identity of views. It, however, is not put in jeopardy by candid, but ever friendly exchange of views. Let us, therefore, join hands in an honest endeavor to advance our mutual interests.

Below is a copy of a letter from a student to the faculty. It is a very good example of a letter of appreciation. It is a very good example of a letter of appreciation. It is a very good example of a letter of appreciation.

THE CLASSES

To The Administration

AS A CHAIN is as strong as its weakest link—so is that administration as strong as its weakest member. Not one individual, but all individuals, from the executive down to the least, make the administration; thus, each member performing his or her part well will determine the standard of excellence. And nowhere in the state is each link as strong as the links which go to make up the chain of efficiency, co-operation, and progressiveness that exists in the administration of the Louisiana State Normal College.

This chain welded together by the spirit of usefulness and service will not easily rust or decay,—“To carry on” mid strife and peace has been the watchword of the Administration. By their splendid example, the student body has learned—

*“Tis not the individual,
Nor the army as a whole,
But the everlasting teamwork
Of every living soul!”*

Team work, service, and efficiency, these are the things that count and which mark the present administration as one of the best.

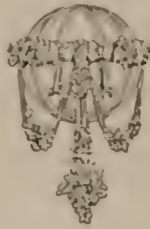

The Alumni, too, can well feel a sense of pride in the administration which has so ably manned the helm of the greatest ship of state, the educational ship, whose foundations

are made of the sternest timber,—truth, honor, integrity, love, and whose port is that of success—based on service, knowledge and manhood.

This spirit, which has been inculcated into the minds and hearts of the college authorities, will long be a potent factor in the upbuilding and uplifting of the state we love so well. The standards unfurled by the college shall be carried by her sons and daughters throughout the state and the length and breadth of this broad land in the name of honor and truth.

To such an administration, with all sincerity and with a feeling of pride and love, we can well sing—

"And to thee, our Alma Mater, Loyalty."

SENIORS

FLOYD MILLER, *Vice-President*

Senior Day

The Senior Class of the Louisiana State Normal College was officially recognized by the authorities of the college as candidates for the A.B. degree in an investiture service on November 13, 1929, when the seventy-nine members made their first appearance as a class in the assembly hall. After the Class Day program, President Tison invested the members of the class with their caps and gowns. The day was further carried out in a symbolical manner with a banquet in the college dining hall, and a social affair in the gymnasium.

After the investiture service on Senior Day, dignity was the keynote of the attitude of the Seniors. Their outlook upon life became that of people who have passed one of the most important milestones of life.

From The Thinker. By Rodin

CLAYTON CORNISH, *President*
MELBA BOUANCHAUD, *Faculty Sponsor*
THERA STOVALL, *Secretary* OLIVER EDWARDS, *Vice-President*

Junior Class

Almost completely educated, endowed with all the characteristics of the most perfect of college students, superior in every way to those classmen, the Sophomores and Freshmen, so far behind! Yet realizing their shortcomings, ever striving to overcome obstacles and to reach perfection, seeing the task that is set before them and doing their best to accomplish it—these are the qualities of the inimitable Junior Class of 1930.

Sophomore Class

Freshman days are far, far behind! We are the sophisticated Sophomores, extremely wise to the ways of the world, and collegiate in every respect. Studious? Of course! But then we already know as much as the Juniors and Seniors do. Look out, World! The Sophomores of 1929-30 are going to surprise you by their success in all their undertakings, not just in their college careers, but afterwards, too, because they are incomparable.

Dear Edith, to
 We had to
 come a long
 way to meet
 each other.
 It has been
 a pleasure
 to know you.
 I hope you
 enjoyed this
 summer.
 I wish you
 struggle in
 English 313.
 Love
 Nidell

HELEN HAWKINS, *Secretary-Treasurer* MILDRED BRISTOR, *Vice-President*

Freshman Class

In the fall of 1927, there was established on the Hill a custom that has proved worthwhile to the College and to the Freshmen. At the beginning of each Fall Term, the preceding week-end is termed Freshman Days. Students who are members of the three religious organization cabinets, the Purple Jacket Club, and the Freshmen Commissioners, return for these days in order to assist the faculty in acquainting the Freshies with their new surroundings. The days of September 21-23, 1929, were spent in entertaining the Freshmen.

During their first year in College these intelligent little collegians have discovered that there is a thing or two that they did not know before they arrived on the Hill—not much, you understand, only a thing or two. Notwithstanding their partial ignorance, the Freshies of 1929-30, by their earnest endeavors, have established a standard that will be difficult for future Freshman Classes to beat.

ORGANIZATIONS

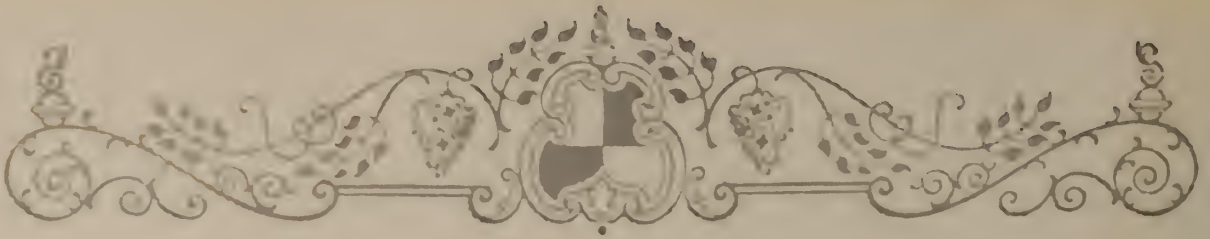

Student Association

GILLIS LEDET *President* T. O. RUSHEON *Vice-President*
 THERA STOVALL *Secretary-Treasurer*

A new era was ushered into the life of the Student Association this year when the association became affiliated with the National Student Federation of America, a national and international organization of college students. At present there are a hundred and seventy-five colleges representing probably 100,000 students in the United States alone.

The Federation was founded at Princeton, New Jersey, in 1925 with the purpose of "achieving a spirit of co-operation among the students of the United States of America, to give consideration to questions affecting students' interests; developing an intelligent student opinion on questions of national and international importance; fostering understanding among the students of the world in the furtherance of an enduring peace." In the pursuance of these objectives, the National Student Federation of America is organized as a permanent working body with an executive committee which functions throughout the year between its national congresses, considering ques-

tions of national importance and international importance in the student world. Results of this work are contained in reports presented to student delegates at each annual congress, where assemble presidents of student councils, editors of college newspapers, and other leading students who represent the member colleges of the Federation.

The fifth annual congress of the Federation was held at Leland-Stanford University, January 14 of this year. Normal was represented by two delegates, Gillis Ledet and Thera Stovall.

One of the most important discussions at the congress was the question of athletics. The problems of eligibility of players, amateurs, professionals, athletic scholarships, and scholastic grades of athletes were the things of chief concern. Since the function of the Student Federation is to discover the problems relating to all phases of college activity and to take steps for their solution, the Federation believes the athletics situation can be improved. At least, the Federation would like to put athletics on a more sportsmanship basis in the sense of playing the game whether winning or losing.

A second problem was that of student publications. Should college publications be entirely under faculty control, under student control, or partly by each? Should all student opinions be published complimentary or not? What editorial policy should the college paper stand for? Should college papers use N. E. A. service? were only a few of the questions discussed both pro and con in the group on publications.

Then there was that very important problem of World Peace to be discussed—a problem which is today becoming more and more of vital concern to all future citizens. The Federation, through contacts with foreign students, desires to create a feeling of international brotherhood. Steps have been taken to bring this about through the fostering of student tours, especially in Europe, debates with foreign universities, and through the use of the college paper by printing articles of international concern. It is believed that through a creation of attitudes for world peace and a feeling of international brotherhood that the Federation can do much to outlaw wars in the future.

Through the discussion of student problems by students themselves the National Student Federation of America desires to give education the meaning Huxley gave to it when he said "Education is that which acquaints you and makes you fitted to be a harmonious unit in the social group." The Federation also hopes to instill its purpose—"liberty, democracy and fraternity in the hearts and minds of all college students."

The Associated Students of the State Normal College desires to create a new life on the campus in the sense of loyalty to the college, school spirit, high scholastic standing, proper ideals, and morals by the use of the new student handbook which will be distributed to all students enrolled in the Fall Term of 1930.

Now is the time to work for a bigger and better college. It is our school, what are we going to make of it?

STUDENT COUNCIL

McSPADDEN, LEDET, STOVALL, EDWARDS, FITZGERALD, RUSHEON, FLETCHER, TEMPLET, MILLER;

The Newman Club of Louisiana State Normal College is a Catholic students' club which is affiliated with the National Federation of College Catholic Clubs in non-sectarian institutions throughout the United States and Canada.

The Newman Club has as its purpose the development of the spiritual lives of the students, the fostering of their religious instruction and direction of their social lives as students.

The local chapter is always well represented at the national convention held each year. The national convention was held in Cincinnati, Ohio, in 1929, Bess Fitzgerald being the delegate.

The Normal Newman Club also belongs to the Gulf States Province, which was organized in 1928. The province convention, held in Lafayette, November 8-11, 1929, was attended by the club sponsors, Miss Estelle Cockfield and Miss Doris Henry, the province recording secretary, Bess Fitzgerald, and eight other delegates, Effie Abshire, Catherine Evasovich, Joy Peters, Jessie LeBlanc, Mildred Mouch, Evelyn Thibodeaux, Edna Mae Templet, and Evelyn Robeau. During the convention, Effie Abshire was elected corresponding secretary for the province for the year 1929-30. The 1930 convention is to be held at the Louisiana State Normal College.

Each year, Honor Keys are presented to the most outstanding members of the club. These Keys for 1928-29 were awarded to Jeanne Alleman and Martha Becnel.

YOUNG MEN'S CHRISTIAN ASSOCIATION

BAKER, L. MILLER, LANIER, F. MILLER, HOWES, GRAHAM, MADDOX, ROBERT, PARRY, MYRICK,
ROCKHOLD, FLETCHER, EDWARDS

Y. M. C. A. Cabinet

MEMBERS

VERNE FLETCHER	<i>President</i>
S. E. LANIER	<i>Vice-President</i>
A. C. MADDOX	<i>Secretary and Treasurer</i>

LESLIE LUM	<i>Committee Member</i>

The Young Men's Christian Association of the Louisiana State Normal College has been an active factor in shaping the lives of many young men who have attended the college, and has had a distinct influence in fitting them for a more suitable and desirable position in the field of education in the state by making them better leaders for the young high school students with whom they are to be associated, giving them ideals that they may pass on to their students, and helping them to guide the destinies of the youth aright.

The members of the "Y" are not only active in spiritual guidance, but they are outstanding in the fields of athletics, social activities, and scholastic activities.

The "Y" has ever taught the highest and best, and the organization at the Normal intends to ever strive to keep their work of the best and most influential type.

FRESHMAN COMMISSION

HOOD, MCGINTY, WALL, SPYRES, MOUCH, FAULK, ROBEAU, CRAIGHEAD, ROBERT, JOHNS, CREAGHAN, FLANNAGAN, GRAVEL.

Freshman Religious Organization Commission

ON APRIL 15, 1927, the Freshman Religious Organization Commission was organized at the Louisiana State Normal College under the capable leadership of Miss Catherine Winters.

The members of this outstanding group are selected by the religious organizations from their Freshman membership on a basis of service to their respective organizations and to their college. No freshman is eligible who fails to meet the high scholastic average required by the organization for membership in the Freshman Commission.

The selection of the fourteen honor freshmen from each year's class takes place during the Spring term when the Student Body gathers on the Academic Triangle, and with a most symbolic and impressive service the names of the elected freshmen are called by the religious organization leaders. Each one selected is given a lighted torch, symbolic of the light of high endeavor, attainment, loyalty, leadership, that he must keep burning throughout his college life and later in his work in the great field of service in the state and nation.

The Freshman Commissioners have, indeed, performed a worthy service to the school, by their assistance during Freshman days. Their aim has truly been to instill into the hearts of new students a spirit of good fellowship, love and loyalty to their Alma Mater.

BLUE RIDGE DELEGATES

ELLEN DOUGLAS

EDWIN MILLER
OLIVER EDWARDS

C. L. PERRY
ELVIN BAKER

Blue Ridge in the "Land of the Sky!" How much that means to those who have seen and known the splendors of that glorious country!

Nestled among the hills of North Carolina stands this Cathedral erected to the students of the South. The man who created this Cathedral sensed the need for a place where students could retire from the hustle of the campus and consecrate their lives. They were busy men and yet they were close enough to the students to sense the need of a place where one could come, and, looking out over the purple mountain tops, could visualize the wonders of nature, understand the workings of God, and consecrate their life anew to Love and Good Will and to all Mankind.

Baptist Student Union Officers

OLIVER EDWARDS	President
ELIZABETH STILLE	First Vice-President
C. L. PERRY	Second Vice-President
SUDIE PITCHFORD	Third Vice-President
ROLA K. COLQUIT	Recording Secretary
SIBYL GEORHAGAN	Corresponding Secretary
GENELLE SPYRES	Treasurer
LEO WILLIAMS	B. Y. P. U. President
VELMA BROUSSARD	Sunday School Class Representative
IRMA POWELL	Sunday School Class Representative

Religious Life at The Normal

THE RELIGIOUS LIFE of the students of the college is well cared for by the three major campus religious organizations: the Newman Club, the Young Women's Christian Association, and the Young Men's Christian Association. There are other religious groups on the campus which supplement the work of these organizations.

These three combined sponsor the Freshman Religious Organizations Council to assist with the orientation of freshmen.

The Baptist Student Union is another influential group on the campus.

The annual Young Peoples' Conferences held here under the auspices of the Louisiana Council of Religious Education proves a source of inspiration and instruction.

Worship programs are conducted by the Y. W. C. A., the Y. M. C. A., and the Newman Club each Sunday evening and services of morning watch and prayer meeting are held throughout the week.

Instructions for the direction of work in these associations are obtained by delegations in attendance at group conferences and conventions of the various organizations.

Group finances are well cared for in the Religious Organizations' Shop which sells candy, fruit, and drinks on the campus.

Besides the campus organizations, the students are urged to attend the services of the churches in town and also to become affiliated with them. The spiritual needs of the students are well cared for there and in turn they assist with the music and instruction when needed.

An important factor in the promotion of religious activity on the campus is the Religious Organizations Council. This group is composed of the cabinets of the Y. W. C. A., Y. M. C. A., and Newman Club, and of the Freshman Commission and officers of the Young Peoples' Conference and B. S. U. The advisory board also meets in the Council. Council meetings are held the first Thursday evening in each term. The meetings are devoted to reports of work done and work planned, announcements of important events of interest to these associations, talks of inspiration and instruction, discussion groups, and whatever business might come before the group. Thus, the Religious Council has an opportunity to bring together into one body, all those faculty members and student leaders who are vitally interested in the religious life of the College. There has been a decided improvement in this phase of college activity since the organization of this council in 1927.

However, since religion lies not only in the man-made organizations that govern many of our actions, but in the hearts of men, we look to our students to determine the depth of their religion. We find there the fundamentals of a religion that is to be used daily in associations with other students and professors. It is the work of the religious organizations to make the religion Christian.

The Panhellenic Association was established at the Louisiana State Normal College, February 17, 1928.

Membership in the Association is held by the five national educational sororities on the campus.

The Panhellenic Association fosters a spirit of good fellowship among the Greek letter organizations; it also serves as a forum for discussion of matters pertaining to the sororities, and endeavors to co-operate with school and college authorities in all phases of college activities.

Modern Culture Club

Organized in 1902 in order to meet the demand for more literary societies at the Louisiana State Normal College, the Modern Culture Club rapidly took its place in the literary culture of the College, and has since its establishment ranked among the outstanding organizations of its kind.

The motto, "Through Difficulties to the Skies," selected by the charter members of the society, has ever proved an inspiration for those who have affiliated themselves with the group.

In debate, in oratory, in declamation, in music, in all forms of athletic activities, the Modern Culture Club has gained many laurels.

The Modern Culture Club this year distinguished itself by entering a well-trained team in the annual Parliamentary Law contest among the major literary societies.

Eclectic Literary Society

Established during the school session of 1891-1892, the Eclectic Literary Society of the Louisiana State Normal College holds the distinction of being the second oldest literary organization on the campus.

Adopting at the time of its formation the spirit of its foster society, E. L. S., it has ever striven to develop those intricate ideals that are embodied in the personnel of such an organization as a literary society at a teachers college.

First and foremost in the honors won by the society this year is that of the coveted Mattie O'Daniel Medal, awarded to Gillis J. Ledet, chairman of the Parliamentary Law Class.

The class this year showed a thorough knowledge in the ability to conduct a procedure according to Parliamentary Law, based upon "Roberts' Rules of Order."

Seekers After Knowledge Literary Society

The Seekers After Knowledge is the oldest literary society on the State Normal College campus and may thus be called the mother of literary societies at the Louisiana State Normal College.

Although the sister societies of S. A. K. have furnished ample competition, S. A. K. has never failed during any year to place students in some of the contests.

Last year, S. A. K. again won all honors in the inter-society contest at the close of the 1929 Spring session.

Despite the fact that many other activities now attract students on the campus, the literary society spirit of old still permeates the members, and it is the hope of the members of S. A. K. that literary societies at the State Normal College will continue to prosper and to inspire students to attain eminence in literary circles.

1930 Debate Team

The question debated by the members of the debate squad of the Louisiana State Normal College for the 1930 season is the question selected by Pi Kappa Delta, national forensic fraternity: "Resolved, That the Nations Should Adopt a Plan of Complete Disarmament Excepting Such Forces As Are Necessary for Police Purposes."

The State Normal College had five inter-collegiate debates during the year with Louisiana College, Southwestern, and Arkansas State Teachers' College.

Members of the debate squad that upheld the affirmative side of the question for the State Normal were: Maxine Terry, Edna Mae Templet, and Annie Mai Dubus. Those upholding the negative were: Artie Claire Lunsford, Catherine Evasovich, Horace Pepper, and Gillis Ledet.

Albert M. Fulton, debate coach, has worked faithfully in the interest of debate and oratory since the beginning of his affiliation with this college. He has aimed not at countless victories for the teams, but at the greater development of those students participating, for the victories are counted not by scores but by the attainment of higher levels in intelligence, understanding, and the acquisition of a keener sense of values.

Because we are being trained to be teachers, we, the students of Louisiana State Normal College, cannot afford to overlook the wonderful opportunity that is open to us in the field of debating. This extra-curricular activity has perhaps a greater educational value than any other, for it delves into every field of knowledge. He who trains himself to reason and to think while standing on his feet will certainly find himself better able to cope with the problems that confront him in later years.

Within the past few years the importance of forensics in the colleges and universities of this country has steadily increased until today the field of forensics has become one of the outstanding activities of college life, especially in the North and East. Because of the great value of forensics, it should be the desire on the part of the students in the colleges of the South to promote interest and participation in these activities.

Surely the Louisiana State Normal College, with all its advantages, should be prominent in its support of forensic activities. As an educational institution it should set standards for others to follow. This ideal can be attained through the efforts of the students by taking part in forensics or by giving whole-hearted support.

Girls' Glee Club

On Thursday evening, March 6, 1930, the Girls' Glee Club, assisted by the college orchestra and under the direction of Professor Frank Earl Marsh, Jr., presented in Caldwell Hall Auditorium, an operetta, "The Wild Rose," by W. Rhys-Hebert.

The scene of act one is a formal drawing room in Rose McCloud's city home. Rose McCloud, a popular young society belle, grows tired of the whirl of city life, and, because she has been quite successful in amateur theatricals, writes to Lady Grey, an eccentric playwright, asking her for the leading role in her play. Lady Grey replies that her play demands "an actress of great skill and one much less frivolous than Rose." Rose is very much disappointed because she had hoped that this would take her away from the city. Her secretary, Mary Forsythe, suggests that she rent a farm and move to the country. Rose accepts this suggestion and moves to the country, refusing to tell newspaper reporters or even her debutante friends where she is going.

The scene of act two is a garden on Rose McCloud's country estate. Rose and her maids are charmed with the country life. Happiness reigns with everyone, except Bobbie, the Buttons, whose life is made miserable by the attentions of Mrs. Fussy, the housekeeper. Rose's kitten runs away and while the maids are hunting for it the lady who lives on the farm just across the wall comes over with the kitten in her arms. Rose says that she cannot introduce her neighbor to the maids for she does not know her name. When the visitor tells them that her name is Lady Grey, the maids gasp in astonishment. Rose, instead of disclosing her identity, calls

herself Rose Wild. Lady Grey remarks that anyone could see that Rose and her household were plain country people. She is about to offer Rose the lead in her play when the debutantes, the newspaper reporters, the suffragettes, the charity workers, and many other city people come in. When Rose introduces them to Lady Grey, one of the debutantes exclaims, "Lady Grey! Why, Rose McCloud!" Of course "the cat is out of the bag." The playwright is disappointed in Rose for having deceived her, but forgives her when Rose explains, "I wanted you to know me better before you condemned me as 'that frivolous Rose McCloud', on account of the play, you know." Lady Grey is convinced then, that Rose is a clever actress and gives her the coveted role. She asks Bobbie, also, to be in her cast, and the operetta closes with the "city friends" and "country people" rejoicing over the good fortune of "their Rose."

Professor Marsh was assisted in directing the operetta by Miss Annetta L. Wood, director of dramatics in the college.

The Glee Club made a number of trips over the state presenting the operetta at the following places: the Bolton High School Auditorium in Alexandria on Friday, April 4, 1930; the Montgomery High School Auditorium on Saturday, April 5, 1930; the Winnfield High School Auditorium on Wednesday, April 16; the Natchitoches High School Auditorium on Thursday, April 24; the Le Comte High School Auditorium on Wednesday, April 30; the Crowley High School Auditorium on Wednesday, April 30; and the Ville Platte High School Auditorium on Thursday, May 1.

The Girls' Glee Club of the Louisiana State Normal College has been recently reorganized since which time, with loyal support of Normal, it has made a very creditable record for the college.

Front row: TURNER, SMART, WALKER, STILLE, SHOCKLEY, DORMAN

Philharmonic Club

The Philharmonic Club, an organization of music students, was organized the Winter Term of 1930. The club was sponsored by Professor Frank Earl Marsh, Jr., musical director, and Mrs. Lillian Gerow McCook, voice instructor, who named as its purpose the promotion of good music and the providing of an opportunity for the study of music and musicians.

The club meets six times each term and individual members receive credit equivalent to that given by other clubs and societies of the college. Programs consist of studies of the world's great musical personalities and masterpieces, as well as musical contributions of the club personnel. The victrola has been used to an advantage in the study of opera. The club has successfully sponsored the reading of music magazines in music student circles.

Though a young member of the Society Family, and as yet rather small, the Philharmonic Club will grow rapidly in size and work.

Back row: TUCKER, RUSCA, TRISLER, WINSTEAD
Front row: BREWER, Director, STILLE, TOY, D. HARRISON, E. HARRISON

College String Orchestra

The String Orchestra, under the direction of Mrs. Valona Brewer, was organized the Winter Term of 1929, then being composed of seven violins. Last year the orchestra furnished the music for the May Pageant, presented several assembly programs, and played for various social functions.

This year the orchestra is composed of ten instruments, with piano making eleven. With this increase in size, the orchestra plays the first movement from Hadyn's Sixth Symphony and plans to give a public performance of the first movement of Handel's Surprise Symphony. The orchestra is scheduled to play for the 1930 May Pageant, Midsummer Night's Dream, the Home Coming Banquet, the Baccalaureate Sermon, and the college graduation exercises, and several high school graduations.

In October, 1923, the Dramatic Club was organized, and named for Miss Mary Francis Davis, assistant professor of English and Dramatic Art at that time, and first director of the club. Its purpose is to develop the talents of its members, and to present a play each term for the entertainment of the student body.

At the present time, the club is under the able direction of Miss Annetta L. Wood, who is head of the Dramatic Department. Among the successful plays given under her supervision were: "The Millionaire," "The Truth About Blayds," "Thursday Evening," and "Midsummer Night's Dream."

This work appeals to many students, and adds much to their enjoyment of college. They are not only trained to coach plays, but also derive many personal benefits from it; ease and grace in speaking ability, which is an asset to anyone.

The members are elected by the club from the students who appear in programs or plays.

Art Club

THE ART CLUB of the Louisiana State Normal College was organized in August, 1929, with a three-fold aim: first, to find and give opportunity for greater development to talented students, in order that they may be able to enroll with the Southern States Art League and become active workers in the furtherance of art in private activities and in the schools of the state; second, to help solve various problems for beautification of the State Normal College; and third, to correlate art with the other departments of the school.

This organization joined the State Federated Clubs for Women in August, 1929. In November, an episode of the Louisiana Pageant for entertainment of the annual meeting of the Federation, was prepared and sent to Louisiana State University, Baton Rouge, Louisiana. Honorable mention was given to the part taken by the Art Club members in the presentation.

The club is self-supporting. Funds are raised by the activities of the club, the chief of these being the presentation of an annual play given with correlation from several departments. In 1929 a Dramatic Revue was given consisting of a presentation of Tennyson's "Dream of Fair Women"; Shakespeare's "Romeo and Juliet"; "A Fairy Story," by Olive Cooper, the club's advisor and co-organizer; and the "Wax Figure Pantomime" from Dickens' "Little Needle."

Normal Press Association

The year 1929-1930 has marked a decided epoch in the history of the Normal Press Association, organized in 1925 under the name of Normal Booster Club. The club has steadily grown in membership and activities until today, with a tripled membership, it occupies a place in the front ranks of the college extra-curricular activities.

The Press Club is composed of members of the student body who are interested in journalistic work. In this organization the students with literary talents are encouraged and aided in putting their productions before the people.

The purpose of the Press Club is to further the dissemination of news pertaining to the college and its activities, by means of the daily and weekly press.

Not only from a boosting standpoint has the Club been successful, but also from an educational view it has proved of great benefit. Guided by the advice of R. L. Ropp, publications manager and professor of English, the members have given programs every Tuesday night illustrating some phase of newspaper work.

Besides the newspaper work, the members of the club have received city folders from the various chambers of commerce in towns throughout the state. These pictures, together with talks by members from the various sections of the country were presented in the main auditorium.

The Press Club has accomplished a great deal this year and aspires to still greater achievements in the future.

The officers of the club for the past year were:

BESS FULGERALD . . .

THERA STOVALL . . .

ELIZABETH CURRIE . . .

President

Vice-President

Secretary

Normal Commuters Club

The number of students coming to Normal who drive back and forth from their homes had been steadily increasing. These students were required to attend society for credits to meet regulations. Many of them lived at quite a distance from the Normal, and it was inconvenient for many of them to be here on Friday nights every two weeks.

To take care of this situation, the Normal Commuters Club was organized the Fall Term of 1926, under the direction of Miss Martha Feltus. This club meets on Saturdays at the end of the fifth period. The organization is the same as any other club or society, having a president, vice-president, secretary, treasurer, and *Current Sauce* reporter.

The club has continued to grow and at times has been almost too large. This organization has been a great benefit to these out-of-town students, giving them the opportunity to become experienced in this kind of work and training in parliamentary law drill as well.

Their programs are always interesting and well presented. Topics for discussion are as widespread as the field of human knowledge. There are always musical numbers to add to the enjoyment of their programs.

The Normal Commuters Club is a growing organization, indicative of the growth of the college.

PURPLE JACKET CLUB

HIGHTOWER, STEVENS, WILLEY, TAYLOR, LABAUVE, DUBUS, SMART, COOK, MCCLUNG, DORMON,
LEBLANC, PURNELL, OSBORNE, HACKNEY, DOUGLAS, BEHRENS, AVERY

The Purple Jacket Club

The Purple Jacket Club was organized in 1926 under the supervision of President V. L. Roy. The club's membership is limited to fifteen or sixteen girls, selected by the President, Dean of Women, and several faculty members from nominations made by the club.

The officers of the club are a leader and a secretary. Miss Eloise LaBauve, a Junior in the college, has been the very efficient leader of the club for the past year, the organization having played important roles in all lines of college activity. They have successfully functioned on all special occasions, including Freshman Days, graduation exercises, lyceums, rallies, and other campus events.

The Purple Jacket Club is well known as one of the outstanding organizations on the campus, its members, justifying the name of leaders, possessing true loyalty to their Alma Mater, and a spirit of character, respect and trustworthiness.

C. A. PRESLEY	<i>President</i>
TROY BRITT	<i>Vice-President</i>
RUBY WATSON	<i>Secretary-Treasurer</i>
S. E. LANIER	<i>Critic</i>

The first club organized at the State Normal College for students of the Department of Agriculture was known as the Rural Life Club. The operation of this club was discontinued during the fall of 1927, there being no club for students of this department until early in the spring of 1928, when, through the special efforts of Professor A. A. Fredericks, Hugh Foil, Coleman Martin, and C. J. Bishop, a new club was organized and a set of by-laws and a constitution were drawn up.

The name of the new club was changed from Rural Life to Agriculture Club. The new club is not essentially different from the former Rural Life Club.

Membership of the Agriculture Club is not restricted to agriculture students alone; anyone who wishes to join the club may do so by the approval of the members.

It has been the purpose of the club to orient its members in appreciation of modern methods of mechanical and economic agriculture, to keep before the organization the current topics of the day, and also to give every member the minimum training in the principles of parliamentary procedure. Through these aims, it hopes to give every member the training necessary for initiative and leadership in life after graduation.

OFFICERS FOR WINTER TERM, 1930

A. H. CLOUTIER	<i>President</i>
LOUISE BUFFINGTON	<i>Vice-President</i>
JOSEPHINE LUPO	<i>Secretary and Treasurer</i>
THERA STOVALL	<i>Reporter</i>

The Science Club is composed wholly of students who are pursuing a Mathematics-Science or any combination of the science curriculum. Students following the science curriculum may apply for membership, provided, however, that they have received credit for two terms of Freshman Literary Society work.

The club has been in existence at the Louisiana State Normal College for over ten years. Its purpose, to acquaint members of the club with all phases of science, to aid them in understanding the newest inventions and discoveries in the field of science, and to enable its members to present scientific material clearly and accurately, has been most effectively carried out in the past; and the club promises to continue this work in the future.

EUTHENICS CLUB

Left to right—TAYLOR, M. BURNETTE, HENDERSON, SEXTON, R. MORGAN, COATS, MARSHALL, H. BURNETTE, PULLEN, FOMBY, HOLLOWAY, NANCE, PITCHFORD, YOUNG, LOCKWOOD, KIRKLAND, KIPER, MYRICK, JOHNSTON, ALLEMAN, HATCHER, MILWEE, M. MORGAN, OSBORN, WILLIAMS.

Euthenics Club

THE EUTHENICS CLUB of the Louisiana State Normal College was organized on November 17, 1926, by a group of home economics girls with the advice of Misses Grace E. Dexter, Esther Cooley, and Minnie Lee Odom. A constitution was drawn up by a committee of three and accepted by the group. It held as its object three primary factors, foremost of which was the promotion of a social and professional spirit in the Home Economics Department of Louisiana State Normal College. Its success has aided largely in creating more interest in this department.

The Euthenics Club is affiliated with National Home Economics, and each member helps to send delegates to the National Convention.

The Euthenics Club meets bi-weekly, and programs in some field of home economics work are presented.

Society credit is given some terms for work in the club. The terms when credit is not extended, the club continues to operate because of the interest of its members in the work. At these meetings, instruction is given in crafts work, the students making beautiful, useful baskets, pottery, etc., under the supervision of the advisers.

The officers are elected each term. Annually, the Euthenics Club entertains the Freshmen with a social as a gesture of welcome to the college and the department. The club endeavors to promote a scientific management of and love for the home and the art of home-making. The significance of the organization may be summed up in the meaning of the title "Euthenics"—higher and better living.

WOMEN'S ATHLETIC ASSOCIATION CARNIVAL BALL AND CIRCUS

Top and Bottom: CUTTINGS FROM CIRCUS

Middle: COURT OF CARNIVAL BALL

Women's Athletic Association

The Women's Athletic Association of the Louisiana State Normal College began its work at the formal opening of the Fall quarter, September 20, 1929, determined to carry out its purpose of sponsoring clean sportsmanship, good health and a knowledge of athletics in general. In carrying out these ideals, the club was advised by competent faculty members, Misses Melba Bouanchaud and Doris Henry, who have charge of physical education for women on the campus.

The members of the cabinet for this year were: president, Eulayne Morgan; vice-president, Mildred Creagan; secretary, Helen Mae Stevens; treasurer, Sidney Durham; and *Current Sauce* reporter, Thera Stovall.

The State Normal Association had the honor of holding the first intercollegiate play day for women in Louisiana, May 4, 1929. Participating in this play day, besides representatives from the local association, were athletes from Stephen F. Austin College, Nacogdoches, Texas; L. S. U.; Louisiana College; Louisiana Tech; Southwestern Institute of Lafayette; and Marshall College, Marshall, Texas. No college played in individual teams, but all delegates were divided into four groups, each group competing against the other. Thus the girls were brought together for a day of regular play, no college competition entering into the day's activities.

In addition to the athletic events a picnic-style dinner was served to the participants on the Women's Athletic Field, and a banquet was given in the college dining hall, after which a costume dance was given in the gymnasium.

In March, 1930, leaders in the Women's Athletic Association composed of members of the cabinet attended a play day at Sam Houston College, Huntsville, Texas. The event at Huntsville was carried out in the same manner as the play day here last year.

Two outstanding events of the Women's Athletic Association this year were the annual Carnival Ball and the Circus, both of which were given during the winter term.

With a record of four victories, three defeats, and two tie games, the Louisiana State Normal College Demons ended one of the most successful seasons of football ever staged at the Teachers College here when they defeated their traditional foe, the Bulldogs of Southwestern, Thanksgiving Day, 6 to 0, to finish 1000 per cent in S. I. A. A. circles.

Sixteen letter men of the squad were announced at the end of the season, as follows: Walker and W. Jackson, ends; Rusheon, co-captain, and Dry, tackles; C. Jackson, Beard, Nesom, and Edwards, guards; Stewart, center; Cornish and Rockhold, quarterbacks; Ber-

The State Normal College squad set the football world thinking when Prather's Demons held the champion Green Wave to six touchdowns and scored on the Greenies before the game was three minutes old in that first encounter of the season late in September on the Tulane gridiron. The Demons started that trip fully expecting defeat by a margin of eight or ten touchdowns, and never dreaming that they would cross the last white line of the Green Wave.

The next week the Demons traveled to Commerce, where they met and defeated one of the best teams the Texas college has had in

ROCKHOLD
Quarterback

some years, 13 to 19, but were turned back two weeks later by the Sam Houston eleven, 26 to 6, after the schedule date of the game was confused and the local college squad was forced to make the trip from Natchitoches and play the game during the same day.

STEWART
Center

BEARD
Guard

WALKER
End

Then came the first home encounter with the heavy Stephen F. Austin squad of Nacogdoches, Texas, at the local parish fair, when the Demons turned back their Texas foe decisively, 41 to 6, in a game replete with thrills and featured by long runs and passes. Following the clash with the Lumberjacks came the first conference game with the Louisiana College Wildcats, when the Demons showed the football world a thing or two regarding the staging of a comeback with odds against a team. With the visitors leading with 13 points at the opening of the last quarter, the local college team, under the leadership of

W. JACKSON
End

"Happy" Cornish on the sending end of passes, opened up their barrage of passes and tied the Wildcats near the end of the game, 13 to 13.

Louisiana Tech, of Ruston, was next on the cards, and the Demons again tied their second conference foe, 0 to 0, in a game on the north Louisiana college field, played

EDWARDS
Guard

1

NESOM
Guard

1

DRY
Tackle

in a sea of mud and water. Next came the biggest upset of the season for the Natchitoches College squad. Playing against a team at the State Fair at Shreveport that had in previous years given the locals little trouble, the Demons were completely thrown off their guard by the hard hitting Magnolia Aggies of Magnolia, Arkansas, this year, and defeated 13 to 0.

As a practice game before the crucial game against the Southwestern Bulldogs here on Turkey Day, Lon Morris of Jacksonville, Texas, was met on the local field next and defeated in a one-sided affair, 40 to 14. Then on Turkey Day the old traditional foe from

SIMS
Halfback

Lafayette was met and defeated by Prather's squad, 6 to 0, for the first time in six years. This clash left the local college squad high and dry in conference circles with a percentage of 1000 earned in two ties and one victory in three games played with S. I. A. A. teams.

Back row: TURPIN, Coach; C. TULLOS, guard; DURHAM, tackle; HYAMS, end; JOHNSTON, center; CARVER, end; RESWEBER, fullback; MILLER, halfback.
Front row: CRAWFORD, halfback; FLUITT, tackle; SEWARD, quarterback; ROACH, end; LOFTOS, guard; W. TULLOS, end; HUGGINS (not in picture) end.

Freshman Football Team

With Seward at quarterback, Resweber at fullback, and Johnson at center forming a nucleus, the 1929 Louisiana State Normal College freshman football team may be classed as the best first year squad in the history of frosh football at the Teachers College.

Although the candidates for the team were few, many of whom had never donned football togs before entering the State Normal College, the team under the leadership of Coach Harry Turpin was molded into a fighting aggregation that showed its metal in the last game of the season when the Imps defeated the Louisiana Tech frosh decisively, 38 to 0.

The Imps were defeated by the Louisiana College Kittens, 13 to 6, in a close battle on the Central Louisiana college field. The local college yearlings also fell before the strong Haynesville High School team, 19 to 6.

Turpin's 1929 Imps will fill the crevices left in the 1930 varsity eleven besides giving Prather's 1930 football hopes a powerful reserve.

HAMILTON, Forward

W. JACKSON, Guard

Although the 1930 varsity basketball squad at the Louisiana State Normal College got off to a bad start this year, dropping ten of the first dozen games played, the team showed far better form during the latter part of the season, and missed going to the Southern Intercollegiate Athletic Association conference tournament by a single game, the season's end finding the Demons with eight games won and eleven lost.

Dropping a pre-season game to Tulane before the Christmas holidays by a close score, the Demons lost their first two conference games to the fast Southwestern squad of Lafayette on the home court.

C. JACKSON, Guard

WALKER, Center

MOORMAN, Forward

SIMMONS, Forward

The next two games were taken breezily from the Louisiana College Cats of Pineville, one on the local court and the other on the Central Louisiana College court. Then came the dismal spell for the Demon cagers, when they went into a complete slump and lost seven straight games, three to Centenary, and two each to Louisiana Tech and Southwestern.

At this stage, with the conference season slightly over half complete, Prather's team took on a new spurt of life and won six of the next seven clashes in handy fashion, taking one from Cen-

BAILEY, Forward

CROSBY, Forward

GRAY, Guard

DRY, Guard

tenary, two from Southwestern college five from Memphis, Tenn., two from Union of Jackson, and one from Louisiana College, dropping one to Louisiana Tech by a single point. The swan song for the varsity found the local squad on the tail end of a 34 to 26 count with the Louisiana College Caty against whom Prather's team had won three games earlier in the season. The last scheduled game in the season, which was to come here with Louisiana Tech, was cancelled to allow the North Louisiana College squad to attend the conference clash.

Normal	36; Louisiana College	33
Normal	48; Louisiana Tech	26

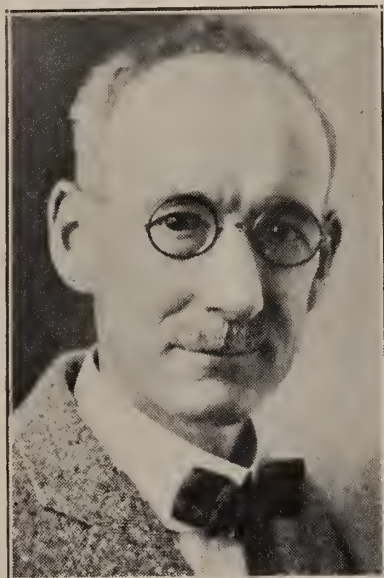

The undefeated Freshman basketball team at the Louisiana State Normal College capped the climax of a brilliant season by defeating the Louisiana Tech yearlings in the last game of the season in the local college gymnasium, 48 to 26.

Led by C. Tullos, of Walker High School, all-state center on the mythical high school squad of last year, the little Demons did not drop a single contest this year, although three college frosh teams were met as well as the all-star Y. M. C. A. team of Shreveport and nine leading high school squads in this section of the state.

The Normal Imps defeated the Southwestern, Louisiana College, and Louisiana Tech freshman teams each in a brace of contests, and decisively conquered the Shreveport Y. M. C. A. team, Fairview Alpha, East Point, Peason, Leesville, Fairview, Winnfield, Kisatchie, Provencal, and Natchitoches high school teams.

The combination used by Coach Prather in most of the games was Carver and W. Tullos at forward, C. Tullos at center, and Miller and Weir at guard. Both of the Tullos brothers are from Walker High School, Carver and Weir are from Simpson High School, and Miller is from Dry Creek. Substitutes on the squad this year were: Johnston, center; Seward, forward; and Caraway, guard.

HARRY TURPIN, *Track Coach*

TRACK

The 1929 track squad at Louisiana State Normal College competed for honors in five separate events. The relay carnival staged at S. L. I. at Lafayette was the first on the cards for the Demon spikemen with the relay team composed of Bailey, Berry, Smith, and Gamble winning the relay in handy fashion and setting a new record of 3:31 which still stands in state track circles. The medley relay was won by Berry, Smith, Howes, and Bailey of the State Normal.

The second clash of the Demon track squad was with Southwestern at Lafayette when the Normal College team was defeated by a rather one-sided score.

In the third meet of the season, Turpin's track men defeated the Louisiana College Cats easily by a top-heavy score.

For the first time in the history of the triangular track meet among the Huntsville Normal and Nacogdoches Normal and the State Normal the Demon spikemen won, 54 to 51, the relay deciding the meet.

In the Southern Intercollegiate Athletic Association meet at Clinton, South Carolina, the relay team won their event in 3:28 to break their old record of 3:31 at Southwestern relay carnival. Berry won the 440 in 50:9. Bailey won the mile at the carnival in 4:32.

RUMFORD

The Wholesome Baking Powder

Is your bake day a pleasure or an anxiety? RUMFORD makes bake days an unqualified delight to thousands of successful, happy housewives, because RUMFORD results in real baking perfection.

Pure in quality, of uniform leavening strength and sure dependability, RUMFORD raises the food just right, bringing out the rich delicious flavor of the materials used.

RUMFORD—raised foods are always light, moist, fine-grained, easy to digest. In efficiency, wholesomeness and economy, RUMFORD has led for over a quarter of a century.
